

Essential Extra

Double up on speed and protection without doubling your costs with our wireless alarm signalling system. Making it perfect for protecting low-to-medium risk properties.

What does it do?

- It's monitored by experts that keep an eye on your property day and night. All year round.
- It uses superfast 4G mobile to send signals in seconds and report connectivity issues within 30 minutes.
- Stay connected no matter what happens with two fully monitored mobile connections, one that uses the UK's no.1 best mobile network*, EE, and one which can roam onto any of the other UK networks.
- Better protect your property with enhanced signalling and end-to-end encryption at a price everyone can afford.

Offices Worldwide

The services described in this publication are subject to availability and may be modified from time to time. Services and equipment are provided subject to British Telecommunications plc's respective standard conditions of contract. Nothing in this publication forms any part of any contract. © British Telecommunications plc 2020. Registered office: 81 Newgate Street, London EC1A 7AJ. Registered in England No. 1800000.

*NO.1 network: Rankings based on the RootMetrics® UK RootScore® Report: H2 (Jul-Dec) 2020. Tested at locations across the UK with the best commercially available smartphones on 4 national mobile networks across all available network types. Your experiences may vary. The RootMetrics award is not an endorsement of EE. Visit ROOTMETRICS.CO.UK for more details.

January 2021

- Get mobile alerts when your alarm goes off and more with support from the BT Redcare app.
- It's made from recyclable plastic, packaged in cardboard and uses little power. That's good for you, the environment – and your energy bill!

Emergency service response

Ask your installer about the benefits of an emergency service response with Essential Extra.

We're a partner you can trust

We have more than thirty years' experience keeping homes and businesses safe. Our Next Generation alarm signalling systems are smarter, faster and future-ready. They can protect you no matter what your budget is or the risks you face. Plus, each one comes with a 10-year guarantee.
